The Omnia Group is pleased to announce the majority recapitalization of Western Window Systems
www.westernws.com

The Omnia Group (“Omnia”), in partnership with ORIX Mezzanine & Private Equity (“OMPE”) and management, recently completed the recapitalization of Western Window Systems (“WWS”). WWS was the first portfolio investment by Omnia in 2006. The recapitalization allows the Company to pursue several growth initiatives while maintaining a majority ownership position in the business.

About Western Window Systems

Western Window Systems, headquartered in Phoenix, AZ, is a leading design manufacturer and marketer of custom commercial and residential windows and doors. WWS is a manufacturer of high-quality, custom aluminum windows and doors for luxury homes, tract homes, hotels office buildings and restaurants. The company manufactures a specialized line of operating and fixed windows, sliding patio doors, multi-slide doors, bi-fold doors, window walls and hinged windows and doors.

About The Omnia Group, LLC

The Omnia Group, LLC (“Omnia”) is a St. Louis based investment firm focused on lower middle market control investments with revenues between \$10 million and \$75 million. The Company seeks investment opportunities across multiple industries in businesses primarily located in the Midwest, Southeast, Southwest and Mountain states.

Omnia seeks to provide growth and change of control capital for middle market companies that offer a unique competitive advantage, are historically profitable and possess strong management. Omnia prefers to focus on organic growth through maximizing existing facilities, human capital and product offering while evaluating add-on acquisitions that enhance the company’s market position. Omnia does not operate the businesses in its portfolio, but works side-by-side with the management teams to facilitate growth throughout the organization.
